2022 Summer Research Training Program in Biomedical Big Data Science

Research intensive 10-week training program for undergraduate and master’s students

Program Dates: June 6 - August 12, 2022

Students selected for summer session 2022 of our research training program in the Ma’ayan Laboratory at the Icahn School of Medicine at Mount Sinai will conduct faculty-mentored independent research projects in the following areas:

<table>
<thead>
<tr>
<th>Data Harmonization</th>
<th>Machine Learning</th>
<th>Cloud Computing</th>
<th>Dynamic Data Visualization</th>
</tr>
</thead>
</table>

Application Deadline:
February 1, 2022 at 5 PM Eastern Time

Who Should Apply:
Students majoring in Computer Science, Informatics, Mathematics, Statistics, Physics, Engineering, Chemistry/Chemical Sciences or Biological Sciences and have an interest in Biomedical Big Data Science.

Trainee Salary:
$8,000 salary for the 10-week training period

Faculty Mentor and Principal Investigator:
Avi Ma’ayan PhD, Professor and Director Mount Sinai Center Bioinformatics Icahn School of Medicine at Mount Sinai New York, New York

Eligibility:
To be considered for this program, applicants must be:
- U.S. citizen or U.S. permanent resident
- Undergraduate or master’s student in good academic standing
